

Centre of Scientific Excellence Workshop - Energy
Our Dynamic Earth, 31 May 2006

9.00-9.30 Coffee and Registration

- 9.30-9.45 Introduction to day
Professor Wilson Sibbett, Chair - SSAC
- 9.45-10.30 International perspective and Energy Futures
Professor David Marks, Director, LEE - MIT
- 10.30-11.15 Energy Opportunities and Exploiting Research Outcomes
Professor Nick Jenkins, Director, Joule Centre for Energy Research
- 11.15-12.00 UK perspective and Research Challenges
Professor Tim Green, Energy Futures Lab, Imperial College
- 11.45-12.30 Scottish perspective
Professor Jim McDonald, Director of the Institute for Energy and Environment, University of Strathclyde
- 12.30-13.00 Plenary discussion

13.00 14.00 Lunch

Science, Engineering & Technology Perspectives

- 14.00-14.30 Scientists and Technologists for the 21st Century
Alf Roberts, CEO, IEE
- 14.30-15.30 Facilitated Parallel Break Out Sessions
 - Energy efficiency and innovation in the built environment
 - Energy supply and grid infrastructure
 - Energy sources
 - Integrated energy concepts

15.30 16.00 Coffee

- 16.00-17.00 Break Out Groups Report Back
- 17.00-17.15 General Discussion
- 17.15-17.30 Concluding Remarks:
Energy Research in Scotland – the Future
Professor Wilson Sibbett, Chair - SSAC

17.30-18.15 Networking Drinks Reception – all participants

18.30 Dinner for Speakers and Invited Guests
